HIGHLIGHTS & DESCRIPTION

Bear hunting in Croatia

Overview

The hunt is done from comfortable high seats at baiting places, and you are at all times accompanied by a professional stalker, who with great certainty can evaluate the size of the bears (before the hunt you can stipulate the maximum size you want to hunt and the stalker must keep this within a tolerance of +/- 15%). There are many special bear high seats/baiting places in the district, and they are all being maintained/kept active all year round so chances of success are very high. The population of brown bear in Croatia is very good, and the state offers more licenses every year. Every year medal bears are shot and even gold medal are often seen. Gold medals start at 300 CIC point and one year even two new national records over 500 CIC points were shot by foreign hunters (in 2023 the national record is above 580 CIC points). You can also do spot and stalk hunting, but this form of hunting is less successful than hunting from the high seats.

Hunting period

From mid-March to mid-April, or from October to late November.

Transport

By flight to Zagreb, where you can either rent a car, or we can organize for pick-up and transfer.

About us

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krossteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
