HIGHLIGHTS & DESCRIPTION

Red legged partridge in Portugal

Overview

We have been given the opportunity to offer red legged partridge hunting in one of Portugal's oldest and most exclusive areas. The family of 3 generations take pride in upholding the old traditions and the very high quality of the hunting organization and accommodation.

The area is located approx. 1.5 hours drive from Lisbon airport, in the Alentejo region. There is a private airport (also for jets) approx. 45 min. driving from the area. Transfers are offered by car and bus, but also own helicopter service is available.

Partridge hunts in Portugal are known to be some of the best in Europe. Hunting in this area is steeped in history dating back to the eighteenth century. The quality is one of the highest in Portugal, and recently the area won the "Best Outfitter" award in partridge shooting, and for the excellent conditions they present, in both accommodation as well as the quality of the red-legged partridges.

If you are passionate about bird hunting, combined with first class hospitality, service and accommodation, then this area is the perfect destination.

Hunting season is from 1st October to 31st January.

The hunt:

The area does not aim to achieve the largest parades, but rather to optimize the quality of the hunt, so that the hunter gets a challenging hunt in different terrains, and with varying shooting scenes and degrees of difficulty.

HIGHLIGHTS

- Hunting and organization among the finest in the world - walkup or driven partridge shooting
- Accommodation of extraordinary quality, full of charm and ambience - room service included
- Delicious gourmet food prepared by own chef - all drinks included
- The area has own helicopter service - transfers from Lisbon or local airport by helicopter?
- And more: Duck shooting, wine tasting, horseback riding, baloon flight...

However, they promise a minimum of 50 birds per hunter per day on the driven hunts, and if groups of hunters ask for the classic large parades of over 1000 birds per day, then of course that can also be arranged.

The area can arrange walk-up hunts for groups of minimum 4 hunters, where you can expect at least 15 birds per hunter per day. For groups of at least 8 hunters, we can arrange either 2 days of driven hunting (with 50 birds per hunter per day included) or a combination hunt with 1 day walk-up (with 15 birds per hunter per day included) and 1 day of driven hunting, with 50 birds included per hunter. All hunters are assigned a personal "secretary" and loader, so you only have to concentrate on hitting the birds!

If a full day of partridge shooting is not enough, duck hunting can be arranged in the evening at a large lake up to the area (expect 10-25 ducks per hunter per evening).

Or you can take an extra day, on a neighboring farm, where a Monteria (with up to 80 dogs) can be arranged on wild boar in a fence of approx. 500 ha, and 3 pigs are included in the price per hunter. Rifles can be rented (up to 10 hunters).

About us

i

Limpopo & Diana Hunting Tours

Limpopo & Diana Hunting Tours Limpopo Travel and Diana Hunting Tours – which today are one and the same company - are built on more than four decades of experience in the hunting travel industry. Diana Hunting tours was founded in Svendborg back in 1974 by the internationally known figure in the hunting tour industry, Jan Krössteig, who today remains shareholder and chairman of the concern.

Over the years the company has grown into the world's largest hunting travel office, with hunting partners in more than 40 counties and customers from around the world. This has only been possible because of the strength of our customers faith in our company, our partners and the service we provide. We take great pride in the fact that a significant number of our customers are "regulars" you not only travel with us frequently, but also bring with them new customers into our business.

The hunting travel market has never been as chaotic as it is at present. There have always been a mass of small and medium sized agencies trading on the market, but in recent years the rise of the internet has really opened up the market for direct booking and packages sold by "agents" of more or less transparent character and by agencies based abroad.

A large number of hunters have had their fingers burnt booking "cheap" packages, which rarely proceed as promised. Generally it is only when things go wrong that the unfortunate hunter who bought the tour first realises what the difference between a good Danish travel agency - with all the security that entails - and a questionable foreign seller, really is.

What we offer our customers is a rather unique level of security. Our experienced staff really know our destinations and can provide highly qualified advice tailored to the customer's individual requirements. If you book your hunting tour through us you also have a guarantee against the unlikely event of bankruptcy through the Danish Travel Guarantee Fund. Our long standing membership of the Danish Travel Agency Association is also a guarantee for professional service throughout all the proceedings that a hunting tour entails - also in the event of something not going quite as planned. As one of our customers you can expect around the clock support, via our emergency hotline, in the event of anything at all going wrong.
